1. Carried out engineering survey.
2. Designed 1740 square meters structure.
3. Developed shop drawings for the 1740 square meters structure.
4. Created Bill of Quantities for structure.
5. Supervised fabrication and installation of structure.

Tema Oil Refinery

January 2020 - -

Installation Of Burners

Contractor: Orsam Ltd

Position: Project Engineer

Duties Carried Out:

1. Studied Piping Iso and Created Bill of Quantities for Quotation by Project Manager.

RANAAN FISH FEED

March 2020 - -

Installation Of 60 cubic meters RFO tank

Contractor: Orsam Ltd

Position: Project Engineer

Duties Carried Out:

1. Carried out engineering surveys.
2. Designed P&ID and piping iso.
3. Designed 60 cubic meters horizontal tank.
4. Created Bill of Quantities for Quotation.

WILMAR AFRICA LTD

December 2019 - February 2020

Construction Of HDPE Nitrogen Pipeline

Contractor: Orsam Ltd

Position: Project Engineer

Duties Carried Out:

1. Carried out routing survey.
2. Designed P&ID and piping iso.
3. Created Bill of Quantities.
4. Supervised fabrication and installation of pipeline.

WILMAR AFRICA LTD

January 2020 - February 2020

Construction Of Silicate, Caustic, Labsa and Water Tank

Contractor: Orsam Ltd

Position: Project Engineer

Duties Carried Out:

1. Designed double jacket and single jacket tanks.
2. Created Bill of Materials.
3. Supervised fabrication and installation of tanks.

GREL

February 2019 - April 2019

Fabrication Of Water Tanks

Contractor: Orsam Ltd

Position: Engineering Draughtman (National Service Personnel)

Duties Carried Out:

1. Involved in fabrication of water tanks.

Skills

1. AutoCad
2. Solidworks
3. Autocad Plant 3D
4. Autocad Advance Steel
5. Autodesk Robot Structural Analysis
6. Sap2000
7. Autodesk Revit
8. Microsoft Office
9. Microsoft Project
10. Staad Pro and Staad foundation
11. Protastructure
12. Tekla Structural Designer
13. Naviswork
14. Etabs

Interest

Music, Research, Reading, Playing Chess
